Mr. Amar,

I am writing this letter to bestow my sincere gratitude to you as a highly skilled and ethical professional. I have dealt with many lawyers and law-firms over the years and to my dismay, have encountered nothing but frequent frustrations and false assurances. After experiencing numerous mechanical problems with my BMW, I was referred to you by a friend. Since I had purchased the car as a used vehicle with 14K miles from a private party, I did not expect much from BMW since, to my understanding, the lemon law typically involves vehicles which have been purchase new from an authorized dealer. You were very informative and were always available to respond to my calls without additional hourly rates common to many lawyers. I never expected to retrieve the purchase price of a vehicle I bought used 2 years ago plus the associated financing fees! Despite this significant reward and contrary to my prior experiences with others in your field, you did not attempt to augment your compensation. I have no reservation recommending you to potential clients and wish you continued success.

Sincerely,

Maziar Massrou, M.D.

Subject: THANK YOU!

Hi, Mr. Amar!

My name is Lisa. You helped my husband and I last year with our Toyota Camry. I am emailing you to finally thank you, thank you, **thank you** for what you did for us last year! I am ashamed that we didn't write you a LONG time ago. I was speechless when Eddie told me that you'd be giving us the 100,000 mile warranty on our car. I didn't know how to begin to thank you for that! We just recently had to make use of the warranty, and that renewed my resolve to finally write to you. With Eddie having been out of work for half of that year, we had taken a large gamble on something we had hoped Toyota would pay for. The cost to us would've been too great at the time. You were so very honest and informative to us from the first day we spoke with you. You worked hard with us to be sure we stayed within our time limits, yet you were also very patient and understanding. Eddie and I have been, and still remain, very grateful for what you did for us. When we get the opportunity, we will definitely recommend your services to others and will keep your number handy in case we need your help again!!!

Gratefully yours,

Lisa Eades

Dear Shalev,

After the fourth replacement of the master cylinder in my 2007 Dodge Dakota I was at my wits end. Discussions with the dealer led nowhere and sorry, nothing we can do!

Thanks be to God that I found you. I have a generous settlement check in hand and a 7 year 70,000 mile head to toe warranty.

You and your firm were courteous, professional and reassuring through the quick and thorough process. Thank you ever so much. You could and did bring satisfaction!

Sincerely,

Hi Luis,

I received the check yesterday, and there was a letter in the envelope asking to send an email about my experience.

I just wanted to say that going into this i thought that it was going to be a huge hassle and a very long and stressful experience. I very happy to say that was NOT the case. Any time i had asked for a status you were very good at responding in a timely manner, and took the time to explain everything to myself along with my mother. Overall this was a very easy going and non-stressful experience, and i will for sure be letting my friends/family members know about your firm. Again thank you soooo much for helping me out with this matter.. i really do appreciate it!!

Thank you!!

Shalev sorry to take so long getting back to you. I want to thank you and your associates for your assistance with my RX-8 and the Mazda Corp.
Your people where very polite and handle the settlement of my case promptly.
I have since gotten rid of the car. I traded it back to Mazda. The engine is still under warranty so they deserve to have to continue to deal with it.
Thanks again for your very professional services

Dear Shalev,

Thank you so kindly for your expert representation and resolving my vehicle issues with BMW. I am embarrassed to not have sent this letter sooner, as that was my intention, but the daily grind soon took over and time has just transpired. As I hope to not have to personally use your services again I will strongly recommend you to others who may be in need of your expertise. You definitely far exceeded my expectations and made the turning in of my vehicle a smooth and lucrative process. I felt very comfortable with you, your staff, and felt as if all of my questions and needs were addressed. I give you a 5-star rating, if such a rating exists in the attorney world. May you enjoy the rest of your summer. Thanks kindly!

We received your check today, and would like to thank you and your firm for all your help with this. I will certainly refer your firm to anyone who has new car issues as the process was explained fully, all questions were answered and the final outcome was very satisfactory for us.

We were able to purchase a new vehicle, using the possessed Chrysler 300 as a trade in; and with the monies from Chrysler, we only had to come up with a few hundred dollars for our peace of mind and a car that, so far, runs great.

Thanks again for your help.

Just a note to say that I have received my settlement check and to say "Thank you" for all of your help with my case.

I am truly satisfied with the results, and am very happy with how easy the whole process was.

Your information letter explaining the whole process was true to the word. The whole process was easy and quick, and I didn't really have to do much to help out with this case except to offer you the information at the beginning of the case. You handled everything from that point on, involving me only when decisions had to be made in resolving my case, and in the end I am very happy with the results.

Again, I thank you for all the work you completed with my case.
